

NO DATA CENTER

WHAT?

- Buildings that house computer servers
- Storage of massive amounts of information

WHERE?

- On a 130 acre century farm
- Across from Rural Hall Town Hall
- 300ft from some back yards
- Owners of the farm are petitioning for a rezone to “light industrial” for the data center to build

WHO?

...IT AFFECTS

- Rural Hall residents & businesses
- Community garden, schools, & churches

WHY?

- WATER - Uses 600,000 gallons per day; sediment released in sewer
- ELECTRIC - Studies show data centers increase residents’ utilities by 25% annually; strains the electrical grid
- NOISE - Data centers emit a constant hum at approx. 60–70dbs
- PROPERTY VALUES - Home sales and property values decrease near data centers
- FUMES - Six acres of diesel/gas generators emit toxic fumes
